## **DETAILED ACTION**

### ***Election/Restrictions***

1. Newly submitted claim 25 and dependent claims are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Inventions of the previously presented claims and newly submitted claims are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions capable of use together and they have different modes of operation, different functions, or different effects. The newly submitted claims do not recite the contacting step recited by the previously presented claims, but recite the steps, which are not required by previously presented claims.
2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 2-9, 14-16 and 25-37 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
3. The amendment filed on 3/16/05 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because of the reasons given above.

Art Unit: 1746

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
